## \*\*\*IMPORTANT NOTICE\*\*\*

To whom it may concern,

The Shelby County Sheriff's Office is currently monitoring your residential or business alarm. Due to personnel cutbacks and the expense of maintaining the receiving equipment, difficult decisions had to be made about our future in the alarm business.

**Effective December 31<sup>st</sup>, 2010, the Sheriff's Office will no longer maintain the alarm receiving equipment. Therefore, you must contact your alarm vendor to make arrangements to have your alarm monitored.** If you fail to make these arrangements, your security system may not be effective. We suggest you contact your alarm company for re-programming immediately.

The Shelby County Sheriff's Office, when contacted by your alarm company, will dispatch the appropriate law enforcement or fire response to your alarms as we have done in the past.

If you have any questions concerning this, please contact me or Captain Michael Eilerman at (937)494-2110.

Sincerely,

A handwritten signature in cursive script that reads "Sheriff Dean A. Kimpel".

Dean A. Kimpel

Shelby County Sheriff.
